## GREAT RUSH FOR RESERVATION LAND

### PEOPLE FROM ENTIRE COUNTRY REGISTER FOR BIG GOVERNMENT LOTTERY.

Fully 50 Wallowa county residents will be registered for the big land drawing contest in the opening of the Flathead, Coeur d'Alene and Spokane Indian reservation. The number stated is doubtless way under the total from this county as some have registered and said nothing about it.

There is a tremendous rush at Spokane, Coeur d'Alene, Missoula and Kalispel, where the registering is done. The Flathead reservation is the largest tract of land and is said to be the best. The Indians of course have been given the choicest land, and only about one in 40 who register will get anything at all. Marion Harris and Elmer Koeh returned last week from registering for all three openings, at Spokane, Coeur d'Alene and Missoula. They are not overly enthusiastic about the land, or at least that part of it they saw, but say the rush is great. Missoula, Mont., was the surprise town, they finding it a nicely built-up city of 20,000 people. It is 16 miles south of the Flathead reservation.

C. club. The officers chosen were Ed Tulley of Wallowa, president; S. L. Burnaugh of Enterprise, corresponding secretary; Ada Lay of Joseph, recording secretary and treasurer. The club is to meet at the lake on July 15 of each year.

Two four-horse teams were breaking sod on Harry Hough's place in Swamp Creek Pass, Friday, July 30, an unheard of thing this time of year. The big rain last week made it possible. The ground was moist to the bottom of the furrow.

## NEW ROAD LEADS TO LOADING SPUR

### SHORT CUT BETWEEN ALDER SLOPE AND PRAIRIE CREEK IS PROVIDED.

The sugar beet loading station for Prairie Creek and the upper valley will be two miles south of Enterprise, several public spirited landowners donating right of way and money so that a county road will be put through from the Litch place east two miles to the road running along by B. T. Long's. This will give access to the loading switch at or near where this new road crosses the railroad track, from both Alder Slope and Prairie Creek.

Several of the landowners affected were in town Saturday getting contents and cash to help pay the expense, and consulting the county court. It was the intention of the sugar company to put in the switch just a mile south of town on the McCormick place, but the changed location, with the new road running to it, will be far more convenient to Prairie Creek and upper valley lands. The new road will serve an admirable purpose aside from leading to the sidetrack, as it will give a straight route between Prairie Creek and Alder Slope, saving a couple of miles at least on trips between those two sections.

The new road crosses land owned by Aaron Wade, R. F. Stubblefield, L. W. Riley, Jacob Bauer and L. J. Jordan. Mr. Wade gives the right of way free and returns \$100 to Mr. Stubblefield of \$150 the latter had paid for a private right of way. Mr. Stubblefield gives the land, and bears the expense of moving the fences. L. W. Riley has a forty cut off by the road from the balance of his farm, but asks no damages and donates right of way, as does also Jacob Bauer, L. J. Jordan is to receive \$200 for the right of way across his land. J. H. Dobbins gave a cash contribution toward the expense of the road of \$125, and J. A. Eggleston \$75.

### FROM WALLA WALLA TO ENTERPRISE BY CARRIAGE

Mr. and Mrs. J. G. Rennie and children, Alice and Claude, returned last week from several weeks spent at their former home, Walla Walla. They drove over in a carriage, going

by way of Elgin, the Toll Gate and Milton, and returned by way of Dayton, Pomeroy, Clarkston, Asotin, Ananias and Paradise.

They had a most delightful trip. Mr. Rennie, who is the E. M. & M. company miller says the grain looks fine and harvest is well along in Walla Walla and Asotin counties. The wheat at Paradise is especially fine. Mr. Rennie says he saw no better in the whole trip.

## HOMESTEADERS IN APPEAL WIN OUT

### GENERAL LAND OFFICE UPHOLDS ACTUAL RESIDENTS OVER TIMBER ENTRYMEN.

Judge O. M. Corkins has received notice of the reversal by the general land office of the decision of the La Grande office in the case of Moots vs. Allen, one of the famous 40-41 cases. Allen was a timber entryman while Moots was the squatter. In La Grande Allen won, but the general land office now gives the claim to Moots who is an actual resident on the land. Mr. Corkins is Moots' attorney.

The general land office has also ordered a hearing on the applications of John L. Courtney, Frank Croffer, Newton Courtney, Harvey Barse, Leona M. Gartzke and Larkin D. Thompson. Their applications to enter a homestead were rejected at La Grande, and were appealed to the general land office.

These decisions are regarded as important victories for the homesteader as against the timber entrymen.

### JOSEPH WINS BASEBALL GAME FROM WALLOWA

The Joseph team won a hard battling 11-inning game from Wallowa at Joseph Sunday by a score of 13 to 12. Hayes was batted very hard, the Joseph boys garnering no less than 19 safeties, several for extra bases. Hallgarth was not hit so hard but his support was wabby at times. He struck out 11. The score was tied 12 to 12 in the eighth and for 1 1/2 innings more neither side could score then Joseph batted in the needful tally. Wallowa fought hard and separately, but to no avail as they could not stop Joseph's batting streak could not stop Joseph's batting streak.

### Wallowa vs. Enterprise.

The Enterprise team will play Wallowa next Sunday forenoon. The team will go down on the morning and return on the afternoon train. Conaway will pitch for Enterprise, and Moody will play with the team. Manager Blyeu is down on the Coast on his vacation, but the boys will try to give a good account of themselves in his absence.
